

ACTION ALERT!

Comprehensive Healthcare Reform for ALL Californians NOW

Join Advocates, Consumers and Providers Statewide by urging policymakers to pass affordable, comprehensive healthcare this year. Now is the time to let Governor Arnold Schwarzenegger and Your legislators know how you feel.

They must work together for the health of All Californians.

AB 8 Nunez/Perata will be heard in Appropriations soon.

The California Chronic Care Coalition along with your organization urges you to take action now. Please sign the attached letter and fax it to the names listed on this page. Time is of the essence.

The California Chronic Care Coalition (CCCC) is an alliance of consumers, non-profit and provider organizations united to improve the health of Californians with chronic conditions or diseases regardless of age. We can be reached at (916) 686-5441.

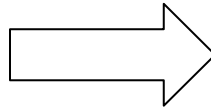

Reform is about healthcare for everyone, whether someone is working, self-employed, or must leave work for an illness.

For an individual with a pre-existing condition, access to affordable insurance in the individual market is nearly non-existent.

Healthcare reform must include:

- *No one gets turned down from a pre-existing condition regardless of age.*
- *Prevention benefits include those with chronic conditions or diseases.*
- *Is Affordable*
- *Is Comprehensive*
