for this workshop**

Goals

Participants will be provided with updated information on:

- Transmission, prevention, symptoms & treatment of hepatitis C
- Diagnosis, progression, & treatment of hepatitis C
- Resources and education to deliver hepatitis C presentations to local communities
- Advocating for the needs of people infected with hepatitis C

Objectives

At the conclusion of this workshop, participants will be able to:

- Describe physical features of the liver & how they are affected by liver damage.
- Classify the different types of hepatitis. Explain transmission, prevention, symptoms, and treatments for hepatitis C
- Explain basic information regarding hepatitis C.
- Name and describe the various tests used in diagnosing hepatitis C.
- Contrast between acute and chronic hepatitis C and describe possible long-term liver damage related to hepatitis C infection.
- Identify various methods helpful in managing hepatitis C.
- Describe current medical and complementary treatments for hepatitis C and the side effects.
- Communicate a plan of action of how to educate and support others in your community about viral hepatitis.

Topics Include

- The Liver
- HCV Diagnostics
- HCV Transmission & Prevention
- HCV Symptoms, Disease Progression & Disease Management
- Medical Treatments for HCV
- Alternative & Complementary Therapies
