Hepatitis C Workshop

Monday November 10, 2008
8:00am — 5:00pm

The Place at Innsbrook
4036-C Cox Road
Glen Allen, VA 23060

DESCRIPTION

The Hepatitis C Workshop has been presented by the Hepatitis C Support Project throughout the United States. The course provides information concerning the liver, the spectrum of hepatitis C disease, diagnosis, transmission and prevention, symptoms, disease progression, disease management, treatment, and alternative and complementary therapies.

OBJECTIVES

At the conclusion of this workshop, the participant will be able to:

- Describe physical features of the liver and how they are affected by liver damage,
- Explain the natural history, transmission, prevention, symptoms, and diagnosis of hepatitis C,
- Identify various medical and complementary/alternative methods used in the management and treatment of hepatitis C, and
- Communicate a plan of action of how to educate and support others in your community around viral hepatitis.
